Best Martini

SWEETWATER BAR & GRILL

10 Route 130 North, Cinnaminson

You've never had an apple martini like this before. The creative mixers at Sweetwater do things a little different. They switch the amounts of vodka and apple pucker - you get more vodka, less pucker. That means you get less unnatural sugar and artificial coloring (so the color isn't a vibrant green), but you get lots more flavor. Take a sip - you'll love the apple kick.
