**THE BEST BARS
IN SOUTH JERSEY AND
THE 20 COCKTAILS
YOU MUST ORDER
WHEN YOU GET
THERE.**

It's a five-word phrase almost of all us have uttered at some point in our adult lives: "I could use a drink." We totally get it. In times of celebration and in times of aggravation, sometimes there's nothing better than a good stiff cocktail. That's why we sipped everything from Aviations to zinfandels in our first-ever mission to find the Best Bars in South Jersey, places where you come for the drinks and stay for the experience. Read on to find out where you should order your next round, as well as our choices for the best places to grab a pint along with the top spots for live entertainment.

**SWEETWATER BAR AND GRILL
IN CINNAMINSON**

This bar is designed with all in mind. It includes wrap-around seating with more than enough flat screens for sports fans, along with a martini and cocktail list that rivals their superb local draft list—including their own brew crafted by Flying Fish.

Drink this: Fall for the Sweetwater Love Elixir, which combines Van Gogh's dark cherry, raspberry and acai-blueberry vodkas with cranberry juice to create a sweet and fruity love potion.
